

CHEERS QUENCH YOUR THIRST

Dear Guest,

Do you ever wonder why an MES or OEE supplier never lists their pricing for their products and services?

It's not much different than going to your favorite restaurant with a craving for surf 'n turf only to see the price that is listed is "Market Price for Day."

At Fortech, we have invested 30 years in manufacturing advancements, IT development, and refinements. The result: The finest MES Platform in the world and available at extremely low prices.

Our MES platform manu-FACT has evolved over nearly 3 decades and consists of 12 highly optimized MES components.

In addition to these components we have several stand-alone processes and a variety of supportive features and benefits.

On the panels of this menu, we have listed the pricing of our manu-FACT components and stand-alone processes. You can gather more information at our website – www.fortech-usa.com.

Contact us at solutions@fortech-usa.com.

Bon appetite,

Kent Forsythe,
CEO, Founder,
Master Chef
